TAX ANTICIPATION NOTE AUTHORIZATION - County Treasurer Muzzey

PRESENTATION

Muzzey presented his memo in writing that was sent to us on 4/24/23 for his request to borrow up to \$12,000,000 through a Tax Anticipation Note (TAN). Muzzey also provided Historical Tax Anticipation Report, Projected Cash Flow Report for year-end 2023, and 2023 TANs Bid Summary, summary of interest rates listed below:

Bank of America - 4.41%	Bank of NH - 5.45%	JP Morgan - 4.33%
-------------------------	--------------------	-------------------

Muzzey also stated that we normally take a line-of-credit to lower the impact of interest, but this year we should take a note and invest any that is not needed due to the rate of investment. Muzzey stated that there is a state investment pool yielding at 4.91%, also Bank of NH said they could offer the same

Belknap County Delegation Executive Committee

rate for investment. The committee agreed that taking a note and investing the left over would benefit the taxpayers by acquiring interest income to off-set interest expenses.

MOTION

Hout moves to authorize the county to borrow through a TAN, not to exceed \$12,000,000, seconded by O'Hara.

VOTE

Unanimously approved (4-0)

REVIEW OF 2023 BUDGET STATUS - Administrator Shackett

Shackett presented us a memo with an overview and description of how each department was forecasted; along with the memo there was a detailed report of revenue showing an additional **\$1,011,040** a detailed report of expenses and revenue, below is a summary of accounts with a surplus or deficit projected:
